**SPRINGFIELD, Ill., November 29, 2021** – The Illinois Primary Health Care Association is pleased to announce the recipients of the 2021 “Awards of Excellence.” Each year, the awards are given to six health care leaders recognizing their longstanding leadership to community health centers.

### **DANNY K. DAVIS ACHIEVEMENT AWARD**

U.S. Congressman Danny K. Davis is truly the champion of the community health center movement. This is IPHCA’s most prestigious award, and candidates must have rendered outstanding service to the community health center movement for at least 10 years. The recipient of this award is dedicated, selfless and inspiring as a leader in his or her community.

For this reason, IPHCA proudly recognizes Ramona Lopez who dedicated her 22-year career to furthering the mission of Chicago Family Health Center before retiring in 2000. Beginning as a family nurse practitioner and working her way up to executive director, Ramona fought to assure that quality health care be a right, not a privilege, regardless of an individual’s ability to pay.

### **CONSUMER BOARD DEDICATION AWARD**

### **PRIMARY HEALTH CARE CLINICIAN DEVOTION AWARD**

Quality providers are the backbone of any community health center. This award recognizes a special individual who faces this challenge every day in an effort to reduce the barriers that exist to health care in his or her community.
